

Dear Chicopee Woods Golfers:

I would like to take an opportunity to introduce myself to you as the new PGA Certified Teaching Professional for the Chicopee Woods golfing community. I am extremely happy to be joining the staff and can't wait to offer many exciting new instructional programs to golfers of all levels and abilities.

I have spent the past 14 years as the Director of Instruction at The Oyster Harbors Club in Osterville, Massachusetts and as Teaching Professional at The John Webster Golf Academy at The Breakers, Palm Beach. Previous to that, I worked as an assistant professional at Congressional Country Club in Bethesda, Maryland for 5 years.

I acquired advanced certification in teaching through the PGA in 2010 and in 2012 was recognized as a Top 50 US Kids golf instructor.

I utilize V1 teaching software with slow motion capture analysis in all lessons and recaps and drills will be sent directly to you within a day following a lesson. There will be a variety of junior golf activities and academies, adult clinics, as well as programming for high school athletes and college level players. Please check the website, Facebook and the Pro Shop for the latest clinic offerings. Please don't hesitate to reach out to me via e-mail or via the Pro Shop if you have suggestions of golf clinics you would like to see offered at Chicopee Woods.

I look forward to getting to know the North Atlanta community and embracing the this new area, my wife Karen and sons, John (13) and Trevor (10), are relocating to. I look forward to meeting all of you and am looking forward to becoming an instrumental part of your golf development and enjoyment.

Best,

John Blair  
Chicopee Woods Golf Club  
Class A PGA Certified Teaching Professional
